

Have Fun Tonight

(Rusty Stone, 2023)

Chorus

Rockin' rockin' everybody
Rollin' rollin' everybody
Rockin' rockin' everybody
Rollin' rollin' everybody
It's so easy just let's have fun tonight

It might be six o'clock and it might be eight
It doesn't matter that it's getting late
I'm gonna play for you one more song
Get in the groove all night long
Get in the groove and let the good times roll
We're gonna stay here till we soothe our soul

Chorus

The evening sun is sinking low
The clock on the wall says it's time to go
I got plans, and I got plans for you
I tell you exactly what we're all gonna do
Get in the groove and let the good times roll
We're gonna stay here till we soothe our soul

Chorus

Now it's time to turn the lights down low
And I promise it's not the end of the show
If you like my music I'll give you more
Just clap your hands and call for an encore
Get in the groove and let the good times roll
We're gonna stay here till we soothe our soul

Chorus
