

Wicked And Wild

(Rusty Stone, 2023)

Why do you think I'm happy just because I smile
Why do you think I'm crazy 'cause I'm wicked and wild
My parents warned me not to act like a child
Just because I go my way and don't waste my time

I used to sleep alone and dream to be rich
I used to wear a dress to look like a horny bitch
What's good for me ain't good for you
Sometimes I wear a bra and highheels too

Me and cheap red wine became best friends
Dead drunk and naked and a woman in my bed
Maybe it's a nightmare or is it real
I don't care what it is I like that awesome feel

I said to my sweetheart come over honey
I know some goodies to spend our money
I'm not born to reinvent the wheel
But I'm wicked and wild and rob and steal
