

# Boogie Shoes

(Rusty Stone, 2023)

My heart is like a rhythm machine  
It's beating like a drum  
I've got the boogie in my veins  
And I want a lotta fun  
I love to boogie what can I do  
I love to wear my boogie shoes

I love to boogie  
And I love the Blues  
I stopped watchin' TV  
Cause there ain't no good news  
I love to boogie what can I do  
I love to wear my boogie shoes

Hey baby can't you see  
It's time to boogie all night long  
This boogie is for you and me  
And you can't do no wrong  
I love to boogie what can I do  
I love to wear my boogie shoes

Let me be your boogie man  
I ain't got nothin' to lose  
Waitin' for the boogie train  
Drive me crazy with your moves  
I love to boogie what can I do  
I love to wear my boogie shoes
